RE: Price Increase effective November 15, 2021

Dear Valued Customer,

Henry continues to experience disruptions in raw material availability and sharp cost increases across all product categories. The persistent volatility and uncertainty of supply presents daily challenges to meet customer demand despite our best efforts. Given these ongoing circumstances Henry Company is announcing a price increase to all Henry products, including those branded Henry, National Coatings or sold under another brand.

Effective November 15, 2021 Henry Company will increase prices as follows:

- **10% for Roof Coatings, Roof Mastics, and Roof Underlayments**
- **7% for all other Henry products**
- **Silicone Roof Coatings - contact your Sales Representative for current pricing**

All orders shipped on or after November 15, 2021 will be invoiced at the new price.

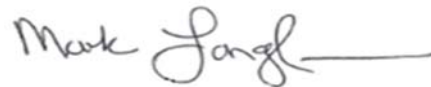

New price lists will be issued shortly. Your Henry Sales Representative will be in contact to review changes and answer any questions you may have.

We anticipate these supply challenges and inflationary conditions will persist for the foreseeable future. We understand these are difficult times and appreciate your business and flexibility as we make every effort to deliver the service you expect from Henry.

Sincerely,

Marc Tropper
