

MOLDED PRODUCTS

August 26, 2021

Dear Valued Customer,

Due to continued upward pressure on raw materials, labor rates and delivery rates, Atlas Molded Products will increase pricing by 12% effective October 4, 2021. On the same date, Atlas will be eliminating its 6% material surcharge making the net impact 6%. This net increase is incremental to previously announced increases will be effective for all products shipping on or after October 4th.

We are continuing to closely monitor these costs and will provide additional communications as necessary. Atlas is making every effort to minimize the impact to our customers.

If you have any questions, please contact your Atlas Molded Products representative.

We appreciate your understanding and support and on behalf of Atlas Molded Products, thank you for your business.

Sincerely,

Karl Kunz

Vice President

Atlas Molded Products, a Division of Atlas Roofing Corporation
