Subject: Duraclad PVC Multiwall Price Increase

To Our Valued Customers,

We appreciate and value your support to Palram throughout this turbulent year. Currently the Construction market is experiencing multiple price increases from resin manufacturers.

Palram has worked diligently to offset market costs that are within our control, but due to unforeseen market conditions that have immediately impacted our costing, we are announcing a eleven percent (11%) price increase that will take effect on July 28, 2021.

This price increase will affect Duraclad PVC Multiwall sheet goods, and all accessories. All orders placed on or after July 28, 2021 will include these price increases. All orders placed prior to July 28, 2021 need to reflect reasonable consumption based on historical orders.

Palram is most appreciative of your continued support and your business. We value our relationship and look forward to our continued success together. As always, I am available to answer any questions you may have.

Respectfully Yours,

Peter Cobucci

Business Unit Manager
