RE: Price Increase Announcement – Effective April 11, 2022

Ongoing global supply challenges continue to increase costs and impact the availability of raw materials. At the same time, demand for product continues to exceed supply which creates further constraints on the wall insulation market. These conditions are expected to continue well into 2022, and as a result Hunter Panels will be increasing pricing 5%-10% on Xci wall insulation products and accessories **effective with shipments on or after April 11, 2022.**

Thank you for your continued support of Hunter Panels and our Xci Wall Insulation products. Should you have questions, please contact me or your Hunter Regional Sales Manager.

Sincerely,
