March 4th, 2022

Dear Valued Kingspan Customer,

Since my mid-February announcement, there has been additional stress on a wide range of raw materials and the supply chains have become more fragile due to the events throughout the world. These events are impacting key raw materials such as resin and blowing agents that we did not expect two weeks ago.

Due to these ongoing changes, Kingspan Insulation will increase North American prices on the following products. The pricing adjustments will apply to all new and existing orders shipping on or after March 28th, 2022.

Product Name	Percent Increase
Kingspan GreenGuard® LG	12%
Kingspan GreenGuard® XPS	4%
Kingspan CertiFoam® XPS	4%
Kingspan CertiStud XPS	4%

All previous job quotes will be managed on an individual basis and your Kingspan sales representative will contact you to discuss these job quotes. Kingspan Insulation reserves the right to limit order quantities in advance of this increase.

Thank you for your continued support of Kingspan Insulation products. Your Kingspan representative will be in touch with you to answer any questions that you may have.

Sincerely,

Kevin Cutler
Sales Director
Kingspan Insulation North America
