

July 5, 2024

Dear Valued Customer,

Due to the increased 301 tariff and continued section 232 tariff, coupled with the climbing costs of transportation, our 20ga raw material has increased over \$200/ton. As a result of these higher raw material costs, Tree Island will be increasing the price of our 20ga stucco netting by \$3 a roll effective with any shipment on or after August 1st 2024. We understand the impact higher prices have to your overall business and will continue to monitor these conditions monthly.

If you have any questions, please feel free to reach out to your sales representative or me directly. Thank you for your business and support throughout 2024.

Respectfully,

Chris Frantzen
US Sales Manager - Residential
Tree Island Steel
