

## PRICE INCREASE ANNOUNCEMENT

Oct 4, 2024

### **A Minimum 10% Increase Effective With Deliveries On or After November 4, 2024**

---

After a protracted slide in steel prices, the steel market shows signs of a robust rebound. Steel mills have announced successive weekly increases in steel costs over the past two months.

Subsequently, Marino\WARE will raise prices a minimum of 10% on all steel products effective with deliveries on or after November 4, 2024. Job quotes will reflect the higher prices as well, and longer-term escalators will likely increase. New price pages will be distributed in the next couple of weeks.

Marino\WARE will honor all quotations activated by the "Quote Policy," which is published on our website [www.marinoware.com](http://www.marinoware.com). Non-activated quotes will be canceled and deleted after thirty days.

Thank you for your continued support!
