April 4, 2025

Price Increase Effective May 5, 2025

Dear Valued Customer,

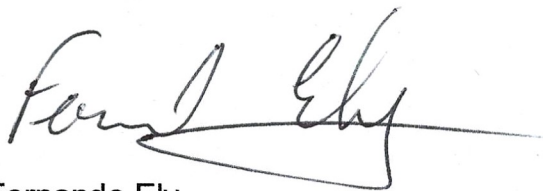

Thank you for your continued partnership with Steel-Con. We are committed to providing you with top-quality steel framing products, accessories, unmatched service, and timely delivery. We understand the vital role that competitive pricing plays in your business, and we strive to manage costs to maintain stability in our pricing.

However, due to ongoing increases, we must implement a price adjustment to ensure we can continue delivering the quality and reliability you expect from us. Effective **May 5, 2025**, an increase will be implemented to the price of all our steel framing products and accessories. This adjustment will apply to all orders placed on or after this date. **Steel-Con will honor all existing quotes as per our job quote policy specified on our quotes.** Please contact your Steel-Con sales representative with any questions and/or concerns.

We remain committed to supporting your business needs and minimizing the impact of this adjustment wherever possible.

Thank you for your understanding and partnership as we navigate these challenges together. We are confident that our ongoing investment in quality and service will continue to bring value to your business.

Sincerely,

Fernando Ely
